Accolite

UX Designer | Bengaluru, IN

JUL 2016 - MAR 2018

- I have had the opportunity to work with various brands and their products at client locations. I closely collaborated with product managers, business partners, developers, analysts, researchers, and the marketing team to assist in defining product requirements and roadmaps.
- Designed and validated UX workflows and interfaces through multiple iterations.

• Standard Chartered Banking App

[DEC 2017 - MAR 2018]

- Designed a mobile app for managing finances anytime anywhere. Created user flows, visual design, and prototype to offer UPI-based transactions to facilitate safe, easy & instant digital payments.

• FedEx FRMS App

[OCT 2017 - NOV 2017]

- Designed an iPad app for FedEx's Fatigue Management used by Pilots, Data Scientists, and Cargo Staffs spanning across Security/Risk, People Operation, Maps, and Data.

• BT Business App

[JUL 2016 - SEP 2017]

- Designed a telecommunication service mobile app for customers offering features to view bills, check accounts, test broadband speed, track orders, and faults.
- By creating a more accessible and usable mobile app, we increased user satisfaction by 12% and improved the perceived findability of information by 9%.
